Radiation From Devices

The Silent Killer in Your Pocket

Is Your Smartphone or Laptop Harming You?

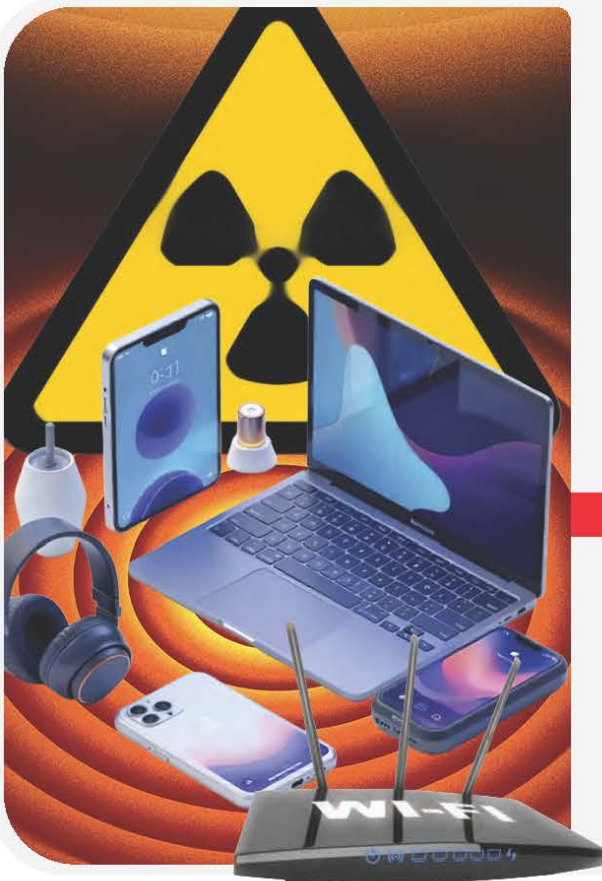

Every time you make a call or use your laptop, you are exposed to radiation that penetrates deep into your body.

CONTINUOUS USE OF GADGETS CAN LEAD TO:

- Brain fog & anxiety
- Hormonal imbalances
- Reduced fertility
- Disrupted sleep cycles

BUT DON'T WORRY

There's a natural way to protect yourself.

Radi Break Chip For Mobile Phones & Laptops

This compact chip can be easily attached to your devices. Made using herbs certified by the National Biodiversity Authority, Chennai, this is India's only patented herbal EMR shield.

The Radi Break Leather Belt by Narayankar Radiation Break Herbal Pvt. Ltd. is a scientifically designed Ayurvedic innovation that protects the human body from non-ionizing radiation emitted by mobile phones, Wi-Fi routers, computers, and telecom towers. Made from 100% genuine, oil-proof bull leather and fitted with three radiation-control devices strategically placed at the left, right, and spine areas, this durable belt helps reduce fatigue, restlessness, and body heat caused by constant radiation exposure. Certified by the National Biodiversity Authority and patented in 2023, it ensures smoother blood circulation, promotes calmness, and acts as a natural shield—helping you stay connected while staying protected.
